

Elite Traveler Reveals Top 50 Eco Suites

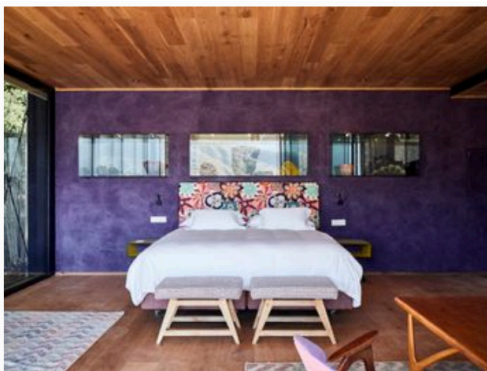

A selection of hotel suites that have been designed and built to exacting standards to ensure a small footprint.

By Alex Martin

Elite Traveler is pleased to present the inaugural Top 50 Eco Hotel Suites in the World, featuring a collection of accommodations that take the concept of responsible luxury to the next level.

Our World's Finest Suites database has grown rapidly and now has over 1,600 searchable hotel suites on all seven continents – including Antarctica. To make life easier for our readers, we have launched a series of mirco-indexes for various vacation types, including wellness, family-friendly, beach and epicurean.

These indexes feature the best of the best in their respective categories. Now, we have revealed our first selection of Top Eco Suites, a selection of hotel suites that have been designed and built to exacting standards to ensure a low environmental footprint.
