Chile: Vik Chile

The location of vineyard hotel Vik Chile was picked to ensure the best quality of grapes for wine – but it also makes a striking winter sun setting. Perched at the top of a hill in the middle of a valley, it's in prime position for views of both the Andes and the vineyards below. There's plenty to admire within the hotel's confines too: Vik Chile is filled with impressive sculptures and paintings – and the building is a work of art in itself, with its golden hue and titanium roof. Go horseback riding, swim in the infinity pool and dine in the glass-walled Milla Milla before settling down in one of the 22 rooms, which are all unique.
